

## **Common Sense Rules about Personal Items in the OR**

An Important Reminder:

- **PLEASE DO NOT BRING ANYTHING INTO THE ORs THAT YOU DO NOT NEED TO HAVE THERE.**
- It is appropriate to bring a small personal bag into the OR with some reference material (e.g. Mass General Anesthesia Manual).
- Bags must be clean and kept on the floor and away from the anesthesia and surgical field (in the corner).
- **NO FOOD, DRINK, NEWSPAPERS, etc.** or any other items that make it appear as if we do not take our jobs seriously should be in the OR.

**Please be reminded that in cases of noncompliance, this will result in disciplinary action.**
